OUR JOURNEY

TOKEN SALE RULES

Capital will be raised and managed through a portal hosted at www.triforcetokens.io which operates over a SHA256 SSL encryption; has DDOS protection from Cloudflare; firewalls, and server access policies in place.

The base rate per FORCE token will be set to **1ETH = 6,000 FORCE** during our next event and main token sale, regardless of the crypto-currency used.

Total supply of FORCE created will be 2,000,000,000 with 1,500,000,000 available for contributors.

Any unsold FORCE will be burned at the end of the main token sale.

Pre-Sale

A pre-sale will be conducted between the period of 20th February - 6th March, opening at 12:30pm UTC. The specific requirements will be:

- ▷ Goal to reach \$1,500,000
- ▷ Supply of FORCE available with be 15,000,000 out of 1,500,000,000 potential supply.

Anyone that joins the pre-sale will receive a 60% token bonus on the entire amount they contribute and will be prioritised in delivery of tokens. Please visit www.triforcetokens.io and register your interest in joining the pre-sale.

Official Token Sale

Official start time and date at which members of the public will be able to contribute is to be confirmed at a later date. The crowdfund will remain open until one of the following is met:

- ▷ The maximum cap is reached (\$55,000,000)
- ▷ Close date is raised

If the token sale events fail to raise a minimum of 1,600 ETH in crypto-currency values at the end of the funding period, then all raised funds will be returned to contributors, minus any transaction fees incurred.

Funds will be accepted in the form of ETH only, which will be stored in single signature cold store wallets held by CoinPayments to provide a level of protection against an attack or breach.
